

TEACHING  
HOSPITALS  
of TEXAS

# Healing. Teaching. Leading.

Essential for the Health of Texas

## OUR MISSION

Teaching Hospitals of Texas is the state's principal voice and advocate for hospitals and health systems that teach, train, and mentor the next generation of physicians, nurses, and other health care professionals and are united in their commitment to supporting policies and funding to ensure healthcare access for all Texans.

## Our Members at a Glance

THOT's 16 hospital and health system members account for:

59% of medical residents and interns

68% of all other clinical trainees

12% of the state's licensed hospital beds

15% of hospital births

16% of hospital inpatient days

27% of hospital outpatient visits

12% of hospital emergency department visits

36% of all hospital uncompensated care

## THOT's members employ:

16% of registered nurse FTEs

17% of licensed pharmacist FTEs

11% of respiratory therapist FTEs

# A History of Advocacy

Founded in 1986, THOT exists to support the academic, research, and patient care missions of our members. THOT advocates for policies and funding that:

- Support access to care for all in our communities with a special focus on vulnerable populations.
- Sustain essential community health programs and services, such as trauma and disaster planning, response, and management.
- Prepare for the future by training tomorrow's healthcare providers and supporting health research and healthcare transformation.

## OUR PURPOSE

To ensure the association represents the perspectives and experiences of all our members, several working committees and councils exist to provide input to association staff on topical issues and to help guide policy positions. THOT also partners with other health care advocacy organizations, including the Texas Hospital Association and Texas Organization of Rural and Community Hospitals, to amplify the voice of all Texans who depend on a strong health care system.

## Member Institutions
