

TEACHING  
HOSPITALS  
*of* TEXAS

# Healing. Teaching. Leading.

Essential for the Health of Texas

## OUR MISSION

Teaching Hospitals of Texas is the state's principal voice and advocate for hospitals and health systems that teach, train, and mentor the next generation of physicians, nurses, and other healthcare professionals. THOT members anchor the state's trauma and disaster response infrastructure, provide world-class tertiary and community-based care, and support policies and funding to ensure healthcare access for all Texans.

## Our Members at a Glance: 2024

THOT's 14 hospitals and 2 health system members represent about 10%<sup>1</sup> of the state's licensed acute care hospital beds but account for:

45%<sup>2</sup> of medical residents and interns

68% of all other clinical trainees

44% of all hospital uncompensated care

40% of Level 1 trauma hospitals

25% of hospital outpatient visits

13% of hospital inpatient days

## THOT's members employ:

16% of registered nurse FTEs

17% of licensed pharmacist FTEs

11% of respiratory therapist FTEs

# A History of Advocacy

Founded in 1986, THOT exists to support the patient care, community health, research, and healthcare workforce training missions of our members. THOT researches, analyzes, and educates about policies and funding options that:

- Support world class healthcare and cost-effective, locally-integrated access to care for all in our communities with a special focus on vulnerable populations.
- Sustain essential community health programs and services, such as trauma and disaster planning, response, and management.
- Prepare for the future by training tomorrow's healthcare providers and supporting health research and healthcare transformation.
